## A Classic Artisan Steak, Seafood and Cocktail Venue

Located in Barrack Place on Clarence Street, just steps from Martin Place in Sydney's CBD, Firegrill restaurant and bar offers destination dining with an emphasis on classic timeless comfort and quality. Curated by restaurateur Dah Lee and his experienced team, the atmosphere is luxurious and refined yet fun, with a décor incorporating dark timbers, quartz, leather and three metre tall chandeliers.

The 300 seat Firegrill runs over two floors fronting both Clarence and Kent streets, and offers five distinct spaces. There is a casual street level bar and restaurant with double height featured walls, the elegant multi-faceted private dining room and event space overlooking the restaurant, a rare inner city outdoor courtyard, an open kitchen with several chef's tables and tall tables that offer Kent street views through 7 metre high windows, and the luxe mezzanine dining area above with a bespoke cocktail bar offering an unmatched beverage selection and full sommelier wine service.

Firegrill offers Sydney a unique perspective on dining, serving innovative dishes and beverages, yet maintaining a sense of timeless comfort. Some of the biggest names in the industry showcase their work within the Firegrill kitchen and bar.

George Fransisco, Chef de Cuisine and recipient of 7 Chef's Hat Awards:

"At Firegrill we are dedicated to sourcing the right ingredients at their seasonal best. Using fire, rubs and smoke to create dishes with bold flavours and a menu that is relaxed and timeless."

John Clancy, multi award winning Sommelier:

“The Firegrill wine list represents some of the finest from the major wine regions of NSW, Australia, and the world. Many are sourced from smaller, often family run vineyards, who strive to create an expression of their particular region and for whom respect for the land and tradition is of paramount importance. There are no ‘gap-fillers’ on our list, all wines are featured on their own merit and because they offer something special, unique flavours and distinctive characters.”

Amanda Gilroy, Beverage Consultant and co-creator of the first copper distilled alcohol free spirits in Australasia:

“Inspired by local and seasonal Australian fruits and a range of global spirits, underpinned by a native bush foods focus, the combination of influences bring this complex beverage menu to life. With a core focus on trending spirits and the art of distillation driving our ingredient production, this is a detailed focus into top shelf in-house beverage creation; combining the ancient art of distillation and craft of mixology.”

# SPACES

# CAPACITY

90 Seated Dinner  
110 Standing
